## ICL-SWPU-400W-24V

### CONSTANT VOLTAGE POWER SUPPLY - NON-DIMMING

Introducing our cutting-edge 24V LED drivers, designed to redefine lighting solutions. With an IP67 rating, they are built to withstand the toughest conditions, ensuring durability and longevity. Our drivers offer DALI compatibility, enabling precise control and customisation of your lighting environment. Featuring push-to-dim and on-off functionalities, they cater to diverse lighting needs. With an astonishing 100,000 hour lifespan, these drivers guarantee lasting performance, while their flicker-free technology ensures a soothing and eye-friendly illumination experience. Elevate your lighting projects with reliability, versatility and quality - choose our 24V LED drivers for a brighter and sustainable future.
